CAREER STATEMENT

Proficient in JavaScript , MERN stack, Java, HTML , CSS. Committed to crafting creative solutions through teamwork and effective communication.

EDUCATION

BE - COMPUTER SCIENCE AND ENGINEERING

Kongu Engineering College
2021 - (Pursuing)
7.29 (Till - 5th Semester)

HSC

Bharathi Vidya Bhavan School
2021
82.5

SSLC

Bharathi Vidya Bhavan School
2019
75.8

SKILLS

- C
- Java
- JavaScript
- MERN Stack
- HTML & CSS

PORTFOLIO

karancseportfolio.netlify.app

INTER PERSONAL SKILLS

- Active Listening
- Responsibility
- Team Work

PROJECTS

EVENT REGISTRATION

- I developed an event registration platform using HTML, CSS, Node.js, and MongoDB. Created intuitive forms to collect user details and implemented an admin page for efficient data management.

PLANT DISEASE IDENTIFIER APPLICATION-UI

- I developed a plant disease identifier app with Flutter and Dart, allowing users to upload samples and receive accurate results. Leveraging Flutter's UI and Dart's functionality, I ensured a seamless user experience.

E-COMMERCE

- I created an e-commerce site using the MERN stack, providing seamless shopping experiences. Leveraging React.js and Node.js, I ensured intuitive interfaces and robust functionality. With MongoDB for efficient data management

TECHNICAL ACTIVITES

PROJECT PRESENTATION

Presented in Ideathon ' 23 KEC

(Plant disease identifier application)

Presented in Smart India Hackathon '23 KEC

(Smart Education)

ACHIVEMENTS

Secured 2nd prize on a coding competition ' 23 KEC

AREA OF INTEREST

Full Stack Development
